Dear Parents/Carers,

Does your child access a smartphone or other internet enabled device such as a laptop, iPad or tablet? If so, are you aware of the safety settings and parental controls that need to be put in place to ensure your child is safe when playing online games or using apps?

At Next Wednesday's Parents Evening (6th March) we will be inviting you to bring in your children's internet enabled devices and be shown, by David Brooks (School E-Safety Advisor), exactly how to put the relevant safety settings in place. Mr Brooks will be set up in the hall and will be available between 4:15 and 6:15pm.

In the meantime, if you would like any advice on keeping your children safe online, please visit the following websites:

Thank you for your continued support,
